

How can I submit my dog or cat in a book?

You will be asked to submit your information (Full Name, Address, Phone Numbers, Email, etc.), a picture of your pet, a brief profile of your pet (Registered Name, Nickname, Favorite Food, Favorite Sport, etc.) and a write up on your pet (up to 250 words). Please note any write up submission under 150 words will not be entered in the book.

Why does the write up have to be no less than 150 words?

We place the biographies on a separate page next to the photo/recipe page. We need a substantial amount of words to accommodate this layout.

What if I go over 250 words?

We will not penalize you for it, however, we do have to fit the words on one page so if it is over by high count, we will inform you to shorten it. If we do not get a response from you, we will shorten it ourselves to fit the page (usually cutting out a paragraph).

How can I purchase a copy of the book that my pet is in?

You may purchase the edition your pet is in through our secure website.

I have 5 dogs and want to submit all five. Is there a limit on the number of pets I can submit?

No. There is no limit, however, if you were interested in purchasing a book through us, we will charge you extra fee for anything over 2 submissions. The fee is \$15.00 for each submission page over 2 pets. Please keep in mind that we sell our books at a flat fee of \$39.95, which is the cost of the submission requirements per pet and a copy of the book. Please note a 15% donation goes to the featured animal organization per purchase of a book only.

How many pages in each edition?

Books will have at least 65 participants (photos/recipes). We do not send a book to print unless we meet our minimum of 65 participants.

After we purchase a book, how do we know that the featured organization is getting the 15% discount?

You will get a certified letter from us stating that the donation was made to the featured organization. We work very closely with the organizations who sign up with us.

What happens if we change our mind about the purchase and want our money back?

We will offer a full refund before the book goes to print. However, if the book is already in the printing stage, we do not offer a refund.

How will I know when the book goes to print?

We will inform you via email. Usually when we inform you about the purchase of our books through our website, we also send you a time frame of when the books will be going to print.

Do I have to submit my own recipe?

You are not required to submit a recipe. We supply the recipe for your pet. On the submission page, you will have an opportunity to list any allergies your dog may have and choose a category that you would like your dog to be placed under. We will do our best to accommodate your request. Due to the volume of requests per edition, there may be only a few spots left and we will place you in what is available.

Do we receive a proof before the page goes to print?

Yes, we send you a proof of the photo, the title of the recipe, the recipe we assigned and your 250 word pet biography. In certain cases, the frames and design of the pages may change due to page organization and layout, ie. Paw prints and scroll work (color usually stays the same).

What if we need to make corrections to our proof?

You will have the opportunity to make corrections and send it back to us before it goes to print. We will inform you of the time frame via email when we send you your proof.

What size is the book?

8 1/2" x 11"

How high does the resolution have to be for the photos we submit?

We require you to submit a resolution of 250 or better. We have had people in the past send poor resolution photos and not resubmit a better photo. We will use what they have submitted, however it will look just as poor after print. We do our best to fix a photo, but sometimes there isn't much more we can do if the resolution is extremely low or the picture is extremely unclear.

A friend of mine had your company take a photo of her dog and use that for her submission page. Can you do that for me?

We go to specific events in New York and usually announce which event we will be attending. If you attend this event and want us to take a photo of your dog or cat for you, we will be more than happy to take the photo.

What events do you attend?

We usually attend animal events held by different shelters or organizations trying to raise money to help animals.
